To whom it may concern,

It gives me a great pleasure to write this recommendation letter to acknowledge Miss Amira Mohamed Naser Alghritli for her achievements, I supervised and taught her as well during her graduate studies in the area of Food and Nutrition, she is a hard-working student, masters English excellently, always on top of her group. Very ambitious to search and learn and keep herself updated with literature in her field of interest. Miss Alghritli, is highly spoken of by all her instructors, she is sociable and doesn't hesitate to assist her fellow students as required, her character is distinguished with being cheerful kind and humble, above all it was a pleasure for me to work with her and assist her during her research topic which was: Degree of Interest of Primary School Teachers in Raising Their Student's Nutritional Education and Awareness in Tripoli Libya. She was loved and respected by her study group they were always waiting for her eagerly, she really made a difference.

I have no doubts that given the opportunity Miss Alghritli, will be a great candidate and hard working to achieve her goal and I do wish her all the luck to do so.

Sincerely,
